

YOUR COVER..... YOUR CHOICE.....

Does your current marine insurance policy meet your needs & demands?

If not, then Euromarine Insurance Services can now offer you a full range of products aiming to meet your Marine Insurance requirements at a price that is right for you. Whether its Fully Comprehensive or Third Party Only cover, our trained sales advisors can help you decide which cover is best suited to your needs.

Fully Comprehensive Cover

The EIS Aviva Insurance Sailplan Policy – a *market value* based contract. This policy offers some of the widest cover currently available. The advantages of this policy are that there is no policy excess applicable in the event of a complete loss of the craft or on Third Party Claims. There are also no restrictions regarding additional drivers over the age of 21 years. Please note – Drivers aged between 14 -21 years must be advised to us. **Further savings can be made annually at renewal by reducing sums insured in line with market value**

The EIS Lloyds Sailplan Policy – also a *market value* policy. Whilst this policy once again offers some of the widest cover available, it differs from the Aviva policy in that a policy excess of £500 or 10% of the value of the craft is payable in the event of the entire theft of your craft. This therefore enables a lower premium to be offered. **Again, further savings can be made annually at renewal by reducing your sums insured in line with market value.**

Third Party Cover

Third Party Only Policy – unlike fully comprehensive cover this policy ONLY covers your *third party* liability. This is particularly useful for lower value craft . *This therefore is available at the lowest possible premiums.*

Extras.....

Water-skiing and Towing Inflatable ‘toys’ – whilst liabilities to and of water-skiers’ is covered as standard in both our fully comprehensive policies, this can be added to Third Party Only policies for an additional charge. We are now also able to cover the Towing of ‘toys’ on both fully comprehensive and Third Party Only policies for an additional premium – subject to suitability of the craft.

Legal Protection Cover - whilst all insurance policies cover your legal liabilities, what happens if someone else causes injury or damage to you or your craft? To claim under your marine insurance policy will cost you your policy excess and No Claims Discount. Trying to recover this loss from someone else can be both time consuming and costly. The Amicus Legal Protection Policy covers up to £100,000 in professional legal fees, but will only cost you £10(including tax) per year. We believe this to be excellent value for money ensuring peace of mind for just under 3p a day.

So, does your marine insurance policy meet your needs and demands? Not sure?.....
